

A graphic element for the Aptor Power logo, consisting of a series of white dots arranged in a circular pattern, with some dots highlighted in red, creating a stylized 'A' or a globe-like effect.

Aptor Power

Global supplier of industrial automation parts

Provide new and discontinued automated mechanical parts

**MEET ALL
YOUR SUPPLY
CHAIN NEEDS**

A background image showing various electronic components, including a circuit board with green connectors, a blue device with a screen and keypad, and other electronic modules, all overlaid with a semi-transparent blue filter.

Our Advantages Brands

ABB

Honeywell

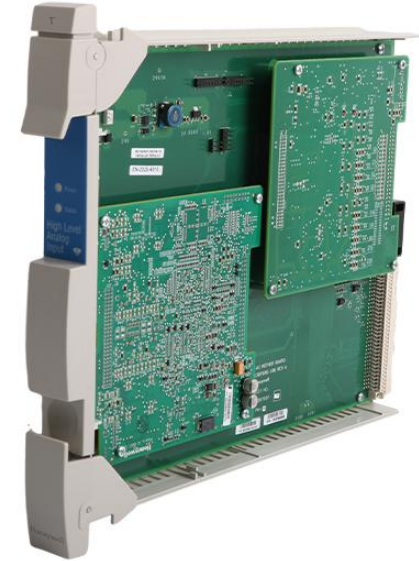

Bently Nevada

General Electric

Other Brands

Honeywell's industrial automation products span control systems, sensors, actuators, and software that help companies improve productivity and safety. Process control systems, such as Honeywell Experion, enable real-time monitoring and optimisation of plant operations

- TDC 2000
- TDC 3000
- TPS
- Experion PKS (C200 , C300)

Honeywell

2

- GE Series 90-30 PLC (IC693)
- GE VersaMax (IC200)
- GE Series 90-70 PLC (IC697)
- GE PAC Systems RX7i (IC698)
- GE PAC Systems RX3i (IC695)
- GE Genius I/O PLC (IC660)
- GE Boards Mark VI (IS200,IS215)
- GE Boards Mark IV (DS3800)
- GE Boards Mark V (DS200)
- GE 531 Series

GE's industrial automation products include control systems, programmable logic controllers (PLCs), human-machine interfaces (HMIs) and data acquisition systems designed to improve productivity and real-time monitoring and control

- Tricon System Card

SIEMENS

- Siemens MOORE
- Siemens S5

- Quantum 140 Series
- Modicon Premium

- I/A Series System Module

A background image of industrial machinery, possibly a conveyor system or automated assembly line, with a blue tint overlay. The machinery includes rollers, belts, and structural frames.

Selling To Countries

Apter Power gives you access to a global supply of automation parts at your fingertips, ensuring that manufacturers can avoid unnecessary downtime. Our products are sold to North America, South America, Central America, Central and South Asia, North-East Asia, South-East Asia, Australia, Northern Europe, Southern Europe, Eastern Europe, Western Europe, Middle East, North Africa, South Africa, etc
