

# FC-QPP-0001 V1.3

Safety Manager Processor Pack

## Controlled Installation Scope

This field guide applies to the exact Honeywell FC-QPP-0001 V1.3 Safety Manager Processor Pack. Confirm the physical nameplate, matched hardware and controlled project record before work starts.

## Model-Specific Checks

1. Verify V1.3 on the physical label.
2. Follow site proof-test and bypass procedures.
3. Confirm chassis, firmware and application compatibility.
4. Use ESD controls and approved handling.
5. Complete safety validation before removing bypasses.
