

DC-TPOX01 51307770-176

Experion I/O Termination Assembly

Product Identity

The Honeywell DC-TPOX01 51307770-176 is an Experion I/O termination assembly identified by its complete model and part number. The public Honeywell documents reviewed for this page do not publish a signal range for this exact DC-prefix code, so no electrical function is assigned without the controlled order record.

Verified Reference Points

1. Complete dual-code traceability
2. Project-drawing controlled interface
3. No inferred signal range
4. Model-specific commissioning checks

Signal / System Function

Exact channel type and electrical range are not published for this complete code in the cited public Honeywell documentation.
