

# 51303976-400

Legacy HPM Circuit Assembly

## Controlled Installation Scope

This field guide applies to the exact Honeywell 51303976-400 Legacy HPM Circuit Assembly. Confirm the physical nameplate, matched hardware and controlled project record before work starts.

## Model-Specific Checks

1. Record front and rear labels before removal.
2. Do not infer the card role from third-party listings.
3. Back up controller data and observe ESD controls.
4. Confirm slot, connectors and companion cards.
5. Run the documented controller diagnostics after replacement.

## Official Manufacturer Basis

Honeywell Process Solutions official documentation portal; exact legacy assembly data must be checked against the controlled manual and nameplate
