

MC-TDID52 51304441-275

24 VDC Digital Input Field Termination Assembly

Product Identity

The Honeywell MC-TDID52 51304441-275 is a conformally coated 24 VDC digital-input field termination assembly with fixed-screw terminals. The Honeywell Process Manager I/O documentation identifies 32 input channels and the 51304441-275 CE-compliant coated part number.

Verified Reference Points

1. Thirty-two discrete input terminations
2. Fixed-screw field wiring
3. Conformal coating
4. CE-compliant coated part-number variant

Signal / System Function

Thirty-two 24 VDC discrete input signals from contacts and field switching devices through the matched digital-input processor path.
