Series 8 C300 RAM Charger Assembly

Product Identity

The Honeywell 51199932-200 RAM Charger Assembly provides standby power for Series 8 C300 controller program memory. One assembly can support up to four physical C300 controllers and reports battery status through the Experion power-system alarm path.

Verified Reference Points

1. Backs up C300 program memory
2. Supports as many as four physical controllers
3. Accepts redundant power-supply inputs through the combo cable
4. Provides battery-status alarm integration

Signal / System Function

Standby memory-backup power and RAM-charger battery-status indication; it does not terminate process measurement channels.

Official Manufacturer Basis

Honeywell Series 8 Controller and I/O Specification S803-150-520
