

51402573-100

HPM UCN Interface Module

Product Identity

The Honeywell 51402573-100 is an HPM Universal Control Network interface module. In the High-Performance Process Manager it provides the dedicated UCN communications interface used by the controller communication/control section.

Verified Reference Points

1. Dedicated UCN interface role
2. HPM controller-section integration
3. Exact part-number replacement control
4. Legacy-system service relevance

Signal / System Function

Proprietary Honeywell UCN communications between the HPM node and the control network.

Official Manufacturer Basis

Honeywell Process Solutions official documentation portal; exact legacy assembly data must be checked against the controlled manual and nameplate
