

MANUFACTURER-SOURCE TECHNICAL REFERENCE

Honeywell MC-TLPA02 51309204-175

MC-TLPA02 Product Information Manual

conformally coated LLMux power adapter

DOCUMENT SCOPE

Apter Power product reference prepared from product-specific Honeywell technical information. Confirm the complete product identity and installed-system requirements before use. No product photograph is included.

Product / lookup identity	Honeywell MC-TLPA02 51309204-175
Reference number	51309204-175
Document basis	Product-specific Honeywell technical information

Workflow and system context

Honeywell MC-TLPA02 is a conformally coated LLMux power adapter identified by part number 51309204-175. Its primary hardware function is conformally coated LLMux power adapter.

01	System Inputs: conformally coated LLMux power adapter
02	Processing: Honeywell MC-TLPA02 is a conformally coated LLMux power adapter identified by part number 51309204-175.

Published context and boundaries

01	Use MC-TLPA02 with the exact Honeywell host, companion hardware, terminal assembly and field wiring specified for the installed system.
02	Verify model MC-TLPA02 and part number 51309204-175 on the physical label before use.
03	Match every MC-TLPA02 connector, terminal, cable and companion assembly before moving field wiring.

Verification and release checks

01	Verify model MC-TLPA02 and part number 51309204-175 on the physical label before use.
02	Use MC-TLPA02 with the exact Honeywell host, companion hardware, terminal assembly and field wiring specified for the installed system.
03	Match every MC-TLPA02 connector, terminal, cable and companion assembly before moving field wiring.
04	Back up the applicable controller, node, I/O or communication configuration before replacing MC-TLPA02.
05	Isolate energy before handling MC-TLPA02 unless the applicable hardware procedure explicitly permits energized service.
06	Follow ESD controls and protect MC-TLPA02 connectors and printed-circuit assemblies during handling.
