

MANUFACTURER-SOURCE TECHNICAL REFERENCE

Bently Nevada 200155-00-CN

Installation Guide

low-frequency Trendmaster Pro accelerometer

DOCUMENT SCOPE

Apter Power product reference prepared from product-specific Bently Nevada technical information. Confirm the complete product identity and installed-system requirements before use. No product photograph is included.

Product / lookup identity	Bently Nevada 200155-00-CN
Reference number	200155-00-CN
Document basis	Bently Nevada technical documents listed on page 3

Workflow and system context

Bently Nevada 200155-00-CN is a low-frequency Trendmaster Pro accelerometer supplied without a mounting stud. Use it only in the matched Bently Nevada machinery-monitoring installation and verify the complete product code, associated hardware, mounting and wiring before service.

01	System Inputs: low-frequency Trendmaster Pro accelerometer
02	Processing: Bently Nevada 200155-00-CN is a low-frequency Trendmaster Pro accelerometer supplied without a mounting stud.

Published context and boundaries

01	Confirm the exact mounting method, cable interface, power source and installed Trendmaster system before installation.
02	Verify model 200155-00-CN and the complete order code on the physical label before use.
03	Match every 200155-00-CN connector, terminal, cable and companion assembly before moving field wiring.

Verification and release checks

01	Verify model 200155-00-CN and the complete order code on the physical label before use.
02	Confirm the exact mounting method, cable interface, power source and installed Trendmaster system before installation.
03	Match every 200155-00-CN connector, terminal, cable and companion assembly before moving field wiring.
04	Back up the applicable controller, monitor, HMI or I/O configuration before replacing 200155-00-CN.
05	Isolate energy and follow the approved site safety procedure before handling 200155-00-CN.
06	Follow ESD controls and protect 200155-00-CN connectors and printed-circuit assemblies during handling.

Identity and release controls

Verification Status	Verified Product Reference
