Technical Reference

MMS6831

Product identity and reference scope

Full reference	MMS6831

Applicability

This reference covers identification and the facts shown here. It does not establish additional electrical ratings, wiring assignments or universal interchangeability.

Reference basis

Product identity follows the supplied order reference. Offered condition is seller-confirmed.

Offered-unit comparison

Retain the complete MMS6831 marking and any revision on the work order. Compare the offered label with the installed item. Obtain clear label, connection and mounting photographs. Have the maintenance team compare them with the installed item and applicable Epro instructions.
