Technical interpretation

Use the complete module marking to locate the corresponding cabinet drawing and host position. Do not derive a voltage, current, channel count or terminal assignment from the functional name or board appearance.

Evidence and applicability

3P Automation Contronic 3 material list: XM02 functional name; Apter Power photographs: complete XM02 identification.

The material-list wording establishes the functional name only. Electrical ratings, terminal assignments and approved interchangeability require matching original manufacturer data or the installed project record.
