VV01

Technical Reference | verified identity and ratings

The functional name is from the authorized Contronic 3 material list; the unit photographs confirm identity. Electrical ratings and terminal functions are not established by those sources.

Verified technical data

Product family	H&B Contronic 3
Observed construction	Plug-in circuit board
Functional designation	Protection for Computing Units
Ordering identity	VV01 (VV 01)

Technical interpretation

Use the complete module marking to locate the corresponding cabinet drawing and host position. Do not derive a voltage, current, channel count or terminal assignment from the functional name or board appearance.

Evidence and applicability

3P Automation Contronic 3 material list: VV01 functional name; Apter Power photographs: complete VV01 identification.

The material-list wording establishes the functional name only. Electrical ratings, terminal assignments and approved interchangeability require matching original manufacturer data or the installed project record.
